For Immediate Release

Jackson State Community College Announces Fall Semester Honor Roll, Dean's List

Over 600 students recognized for academic success

JACKSON, TENN. – The Office of Admissions and Records at Jackson State Community College has released the honor roll for the Fall 2022 semester. 239 full-time students were recognized on the honor roll for achieving a quality point average over 3.00. 374 full-time students were also recognized for making the dean's list – reserved for students achieving a quality point average of 3.50 or better.

The administration of Jackson State Community College congratulates its students from the Fall 2022 semester who achieved honor roll or dean's list status. This semester and past year have proven to be particularly challenging, requiring students, faculty, and staff to make necessary adjustments to ensure continued success. Congratulations are in order, and we thank each student for their hard work and perseverance.

Honor Roll is reserved for students enrolled for 12 or more hours of college-level work (Learning Support excluded) and complete a semester's work with a quality point average between 3.00 and 3.49.

Dean's List is reserved for students enrolled for 12 or more hours of college-level work (Learning Support excluded) and complete a semester's work with a quality point average between 3.50 and 4.00.

Lists for both academic achievements are attached and separated by county of recipient.
